Marti Dahl, Administrator
Gainesville Health & Rehab Center
7501 Heritage Village Plaza
Gainesville, VA 20155

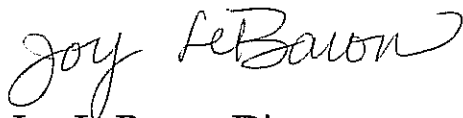

Dear Ms. Dahl:

During the 2nd week of November, I had the privilege of being with a dear friend of mine until she died November 14. Her name was Bobbie Brochu and she was also a patient of Capital Hospice.

I was with Bobbie everyday and everyday I became more impressed with Capital Hospice and with the staff at your facility. Every person was a complete professional and very attentive to not only Bobbie, but to family members also. On Friday, November 13, your staff brought in food and drinks for me and Bobbie's daughter. That was so thoughtful. The tray also included yellow roses and a very appropriate poem.

I just wanted to thank everyone at Gainesville Health and Rehabilitation for all that was done for Bobbie Brochu. I'm glad she spent the last week of her life in a caring place.

Sincerely,

Joy LeBaron, Director
Hospice Support of Fauquier County
